## HOW TO GET THERE

From the A38 west of Exeter turn off at Chudleigh / Chudleigh Knighton onto the B3344.

Follow the road for 1/4 mile and turn off right for Chudleigh Knighton and go through the village. Turn right as the road narrows for Bovey Tracey, go past the Clay Cutters Pub.

Take the next right signed for Hennock and the Reservoirs. Follow this road for 5 miles, go through village of Hennock and keep following signs for the Reservoirs. Kennick can be found on your left after approximately 3 miles.

## Kennick Fly Fishers Association

**Established 1974**

**We are an active Fishing Club of 180+ members that fish all around the South West**

**2013 Season**

**Rhododendrons in full colour**

## GENERAL INFORMATION

KFFA was founded in 1974 by a group of local anglers with a common interest in and a love of Fly Fishing. It is a fully constituted amateur organisation run for the benefit of its members who share a passion for Fly Fishing and enjoyment of the countryside.

Kennick Reservoir is operated by South West Lakes Trust. Established in April 2000, South West Lakes Trust is the South West's largest conservation and recreation charity. It was created to encourage, promote and enhance sustainable recreation, access, nature conservation and education on and around over 50 inland waters in the South West for the benefit of all.

There are 3 reservoirs in the complex of which Kennick offers Trout Fishing, Trenchford is open for Pike Fishing and Tottiford is available for the public to walk around.

Kennick offers superb trout fishing set on the edge of Dartmoor with some of the West Country's finest scenery. Fish in early summer and you will witness the Rhododendrons around the reservoir out in their splendour. Fish in the autumn when the colours all around are fantastic.

Kennick is 46 acres in size and was built in 1884 and was one of the first venues in Europe to stock with rainbow trout. They are stocked on a regular basis and average between 1.5 - 2lbs with specimen fish added from time to time.

Record Rainbow 14lbs 11oz - (2009)  
Record Brown 8lbs 2oz  
Rod Average in 2011 - 3.4  
Biggest Fish in 2011 - 7lbs 12oz

## FISHING CALENDAR - 2013
